Erasmus for Young Entrepreneurs Exchange (2 - 6 months)

You are interested in discovering foreign countries and want to get an idea of what it's like to work in a start-up? You are thinking about founding your own business or want to gain entrepreneurial experience?

We are a provider for library software and document management software offering modern software as a service (SaaS) products to our customers. Founded in 2007 as a spin-off of the Karlsruhe Institute of Technology (KIT), today we also provide auxiliary services like printing and scanning products as a solution from one source. In future we want to offer cross-border solutions and discover new markets abroad.

To ensure international success of our products interesting tasks in analysing and developing foreign markets are upcoming. For acquiring new markets language skills and knowledge about cultural specifics of the target market are fundamental. This could be your chance to get in touch with us and to gain experience for your own venture by participating in the EU exchange programme. More infos can be found under <http://www.erasmus-entrepreneurs.eu>.

We expect:

- Permanent resident country is located in the EU except Germany
- Technical Background: Study of information technology or comparable field
- Interested in developing web or mobile solutions (iOS or Android)
- Fluent English or German required, additional languages are welcome
- Team oriented and interested in intercultural experience exchange

We offer:

- Attractive sponsorship furnished by EU programme
- Opportunity of ongoing partnership after the end of the programme
- Participation in a modern and encouraged team located in Karlsruhe

We are flexible regarding timescale, duration and form.
