## Erasmus for Young Entrepreneurs Exchange (2 - 6 months)

You are interested in discovering foreign countries and want to get an idea of what it's like to work at a software company? You are thinking about founding your own business or want to gain entrepreneurial experience and like to work in a young and dynamic team?

Sales and Business Development is a key to every company's fast growing success. To ensure international success of our products interesting tasks in analysing and developing foreign markets are waiting. For acquiring new markets language skills and knowledge about cultural specifics of the target market are fundamental. This is your opportunity to participate in the EU exchange programme! More information can be found under <http://www.erasmus-entrepreneurs.eu>.

### About us:

We are a provider for library and document management software offering especially modern software as a service (SaaS) products to our customers. Founded in 2007, today we also provide auxiliary services like printing and scanning as one-stop solution. In the future we want to offer cross-border solutions and discover new markets abroad.

### We expect:

- Your permanent resident country is part of the EU except Germany
- You are fluent in English
- You are good in German, additional languages are always welcome
- You are a team player and interested in intercultural experience exchange
- You have at least basic knowledge in Sales and Marketing
- Your written and verbal communication skills are excellent (English)
- You are well organized and creative (e.g. creating new materials for our customers)

### We offer:

- Attractive sponsorship furnished by EU programme
- Opportunity of ongoing partnership after the end of the programme
- An attractive position in Sales and Marketing: Managing global Sales and Marketing activities
- New ideas are always welcome! We are flexible regarding timescale, duration and form
